About SIGNAMAX – Signamax has been in the Network Connectivity manufacturing business since 1983. Their products have been successfully spec'ed and deployed by General Dynamics, Harris Corp., Lockheed, SAIC and many other firms for projects with CENTCOM, DoD, FBI, NORAD, SPAWAR, The White House Communication Corp. and many other government, military and Fortune 500 network applications due to their combination of superior performance, competitive price points and outstanding pre-sale and post-sale engineering support. By using Signamax products in your projects, you can be assured that you have provided high-quality, high-performance, high-value network solutions that meet and exceed industry standards.
